SUMMARY:

Aspiring Full-Stack Web Developer with a strong foundation in front-end and back-end technologies, specializing in creating dynamic, responsive, and user-friendly web applications. Proficient in HTML, CSS, JavaScript, React.js, Node.js, Express.js, and MongoDB, with experience in building scalable and high-performance web solutions. Passionate about delivering seamless digital experiences by leveraging modern web frameworks and best coding practices. Constantly exploring new technologies to stay ahead in the ever-evolving web development landscape.

EDUCATION:

SSLC : 72%

HSC: 81%

B.E., Artificial Intelligence & Machine Learning

Rajalakshmi Institute of Technology
Chennai, TamilNadu.

Graduating May 2026

7.44 GPA

TECHNICAL SKILLS:

MERN Stack Web Development:

Front-End: HTML, CSS, JavaScript, React.js, Tailwind CSS

Back-End: Node.js

Database Management: MongoDB

PROFESSIONAL EXPERIENCE:

Null Class, Chennai, TN: Web development Intern

Sep 2024 – Oct 2024

- Developed and optimized full-stack web applications using **MongoDB, Express.js, React.js, and Node.js**, enhancing performance and user experience.
- Designed and implemented responsive UI components to improve front-end interactivity and accessibility.
- Integrated RESTful APIs and database management solutions to ensure seamless data flow and backend functionality.

Null Class, Chennai, TN: Data Analyst Intern

Dec 2024 – Jan 2025

- Analyzed large datasets to **identify key trends and patterns**, providing actionable insights to improve operational processes
- Developed and maintained **dashboards** to visualize key performance metrics and support **data-driven decision-making**

ACADEMIC PROJECTS:

Personal Portfolio Website:

- Designed and developed a fully responsive portfolio website Using **React.js** and **Tailwind CSS** to showcase personal **projects, skills, and certifications**.
- Deployed the website on GitHub **Pages**, ensuring continuous uptime and accessibility.

Google Play Store Data Analytics Project:

- Analyzed app data (ratings, reviews, downloads) to identify **trends** and **user preferences**.
- Cleaned and transformed data using **Python**
- Developed an interactive dashboard using **Plotly & Tkinter** for real-time insights.

CERTIFICATIONS:

- 100 days of code - 2024 web development boot camp - Udemy
- Diploma in Computer Application - Apollo computer education limited, Chennai
- Introduction to web development with HTML, CSS and JavaScript - Coursera
- Developing Front-End Apps with React - Coursera
